VOLUME III, ISSUE 1

Avila bytes into the Information Super Highway

By Herb Simon
staff writer

Larry Kramer, Avila College President, sees Avila one day becoming "a leading player" among colleges and universities in the areas of campus-wide computer and cable technology.

Avila is joining Internet, the worldwide computer network. President Kramer said the network is already installed in all classrooms, meeting rooms, faculty and staff offices, and hookups are in dorm rooms for student use. Internet training is scheduled to take place during Sept. and Oct. with full access following and possible satellite downloading in the future.

Kramer cautioned that, although hookups are in place in dorm rooms, students must provide their own PC's. For students who don't own one, he said, computers have been put in various areas in each dorm, and in the library for students living off-campus. There are

now over 100 PC's distributed across campus, networked to more than 60 printers.

Kramer also said wiring for cable TV was installed over the summer, including video wiring for broadcasts from the Avila studios. Tom Lease, vice-president and dean of Student Affairs, said the college is in the process of signing a contract with American Cablevision and cable should be ready by Sept. 1.

The installation of some final equipment in September will allow Avila-produced radio and television shows to be cablecast on campus. Furthermore, Dotty Hamilton, coordinator of Avila's Communication program, said Catherine Wickern was hired as a part-time faculty member to coordinate the Avila channel and recruit people to make it work. Hamilton said Wickern will be looking for technical people and on-air personalities. "Any Avila student can be a

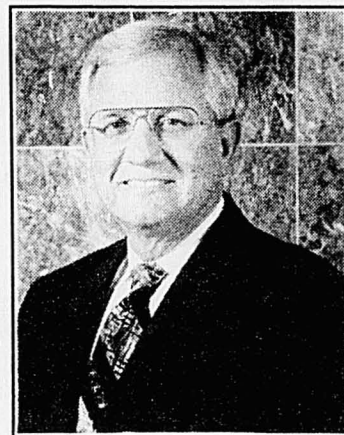

part of this," Hamilton said. These opportunities are not limited to Communication majors.

Pat Kopp, coordinator of Computer Science, said he moved the entire network of IBM computers from the lab to the library.

"The network is exactly the same as it was in the lab," he said.

Kopp is now installing 18 new 486SX computers in the lab. These will also be networked and will run Windows® and applications such as Microsoft Office® and Lotus SmartSuite®. The system should be ready when classes start.

Students can have their MTV or plug into the Internet to research that big paper. They can write to their instructor or a friend on campus via e-mail, or listen to the voice of Avila. Of course, the library and its databases will still be there — just augmented.

A Letter from our President

Welcome to Avila!

I envy you. The sad truth of graduating from college is that the consistent full-time, or even part-time pursuit of knowledge begins to take a back seat to the day-to-day responsibilities of career and family.

As you find your classrooms, shout across campus to old friends, and unzip book bags to begin your studies, know that these are rare moments.

I know there will be distractions this year. There always will be. But every now and then, stop and consider how special this time in your life really is.

Value and savor these times. They are a blessing.

I hope to meet all of you this year. Don't hesitate to stop by my office and say hello.

Dr. Larry Kramer
President

Briefly Speaking

Student Organization Opportunity Fair

It's that time again for the Student Organization Opportunity Fair which will occur Orientation weekend on Saturday, Aug. 27, from 1 p.m.-3 p.m., in the Marian Center Snack Bar.

This fair is a great opportunity for new students to "shop" the various clubs and organizations that Avila has to offer. It's also a great time for clubs and organizations to recruit new members.

Discover your Significance

Women's Programming at Avila is accepting applications for its fall sessions of the Women's Leadership Institute and Women's Entrepreneur Program. Both are multi-week, award-winning programs that help women identify new opportunities and build self-confidence. Many of Kansas City's most empowered women leaders and successful business owners are graduates of either Women's Entrepreneur Program, which begins Sept. 8, or Women's Leadership Institute, which begins Sept. 13. For a free brochure, contact Barb Engel at 942-8400, ext. 2280.

Phone-A-Thon

The Advancement Phone-A-Thon will be Sept. 7 & 8, 12 & 13. Participants call Avila alumni to help with student scholarships. The event begins at 6 p.m. with pizza and cola and a training seminar. The phone lines will be open from 6:30 to 9:30 p.m. Callers will receive prizes from Hallmark (which make great Christmas stocking stuffers). To sign up for the Phone-A-Thon, contact the Advancement Office at 942-8400 ext. 2327 by Sept. 6.

Mass of the Holy Spirit

For the first time in Avila's history all campus offices will close on Thursday, Sept. 1 from 10:15-11 a.m. for Mass of the Holy Spirit. The event will be held outside on the Quad, another first for Avila. But in case of bad weather the mass will be moved to Goppert Theater.

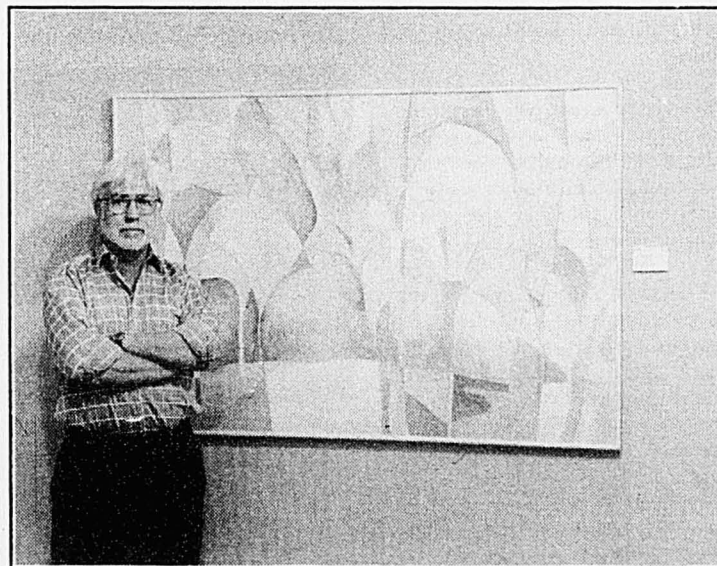

Thornhill Gallery features George Chrisman and family

Avila art Instructor George Chrisman is not only last year's teacher of the year—as determined by student vote—but he is also a talented member of an artistic family. His role as curator of Avila's Thornhill Gallery has allowed him to showcase the art in his family tree in a special exhibition. *Members of the Family: The Children and Grandchildren of Howard & Mollie Belle Chrisman* opened Aug. 19 and runs through Sept. 9.

There is a unique history to this family that is evident in their different areas of artistic expression. Each family member seems to have found an individual approach to art.

The show features work in a variety of media including pencil, watercolor, oil, photography and pottery created by nine members of Chrismans across two generations.

Family members include: Nancy Chrisman Jones, watercolor; Robert N. Jones, photography; Howard C. Jones,

Instructor George Chrisman displays "Fasceted Landscape," one of his paintings currently appearing in the Thornhill Gallery

photo by Fred Briseño

oils; Marty Chrisman Hall, organ music; George A. Chrisman, oils/watercolors and drawing; Rachel Chrisman, photography; Scott Chrisman, stoneware pottery and Aaron R. Chrisman, air brush.

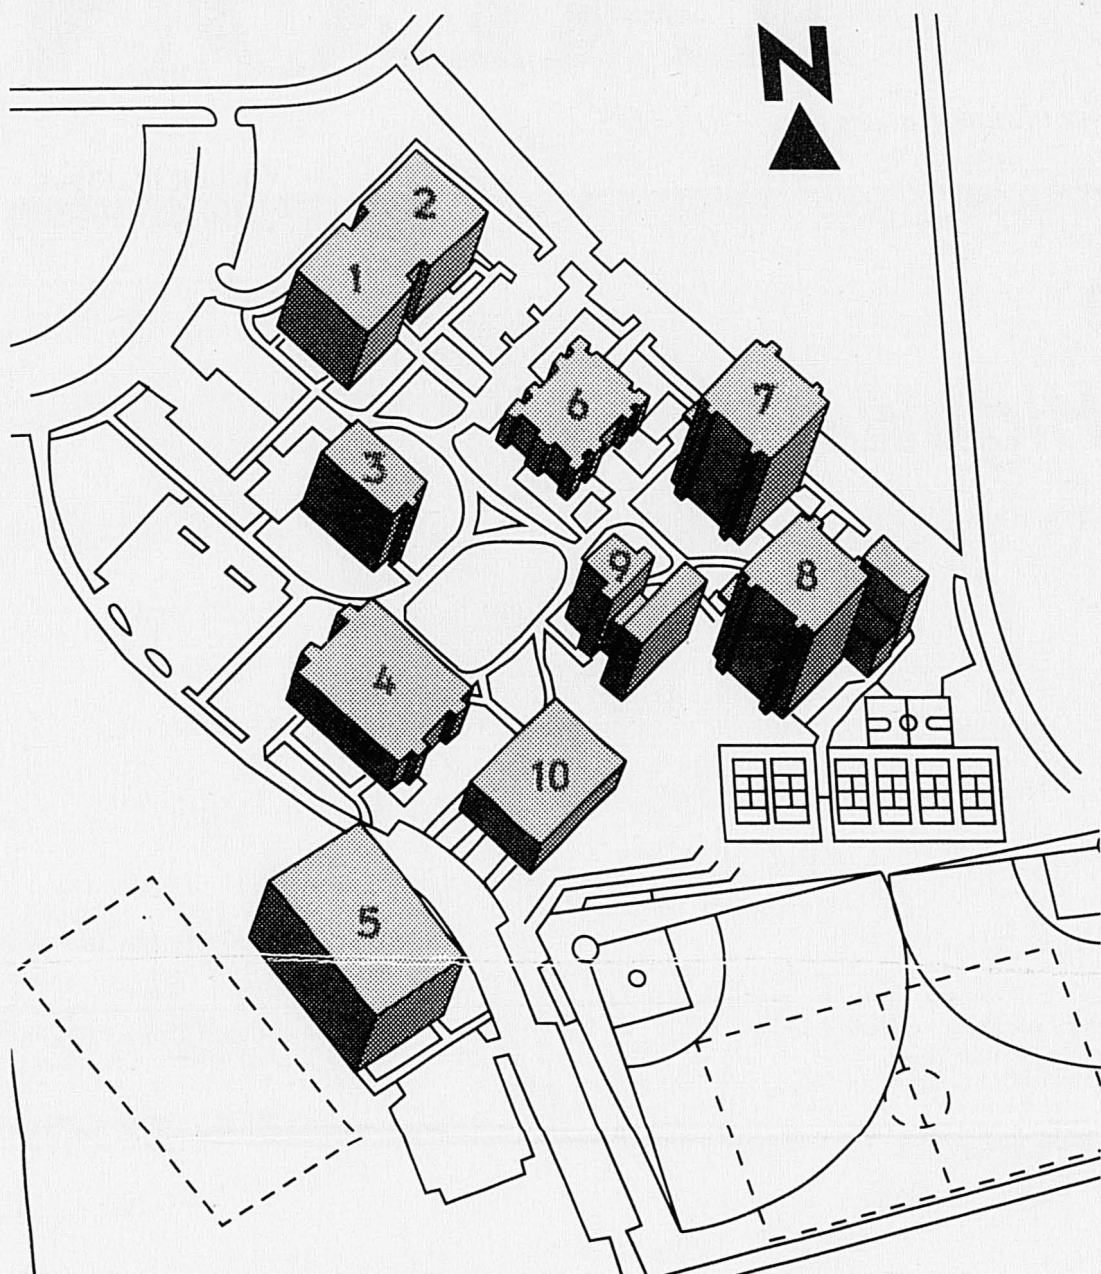

Theater lovers will also enjoy some set designs and paintings

from nephew Howard Jones.

Thornhill Gallery is located in the lower Whitfield Conference Center and is open Monday through Friday from noon and 1 p.m.-5 p.m. Admission is free.

Thornhill Gallery
Avila's art gallery is open from
1-5 p.m. Mon-Fri
Admission is free. The first exhibit of the semester is "Members of The Family" by George Chrisman and the Chrisman family

Know where to find your future and lunch

Welcome to Avila College.

College is a unique learning experience. Whether you have just completed high school or are returning to college with a variety of work experiences or family responsibilities, you will face new demands and expectations in college.

This is my fourth year at Avila. I have discovered what happens behind the scenes, where to go and what to do. Throughout the year, I will provide tips from a senior's perspective to make the Avila college experience the best it can be.

The most important tip is to become familiar with the Avila campus as soon as possible. *The Talon* staff has included a campus map to help you find your way around our college community. The following are notes to aid you in your college experience.

- Student ID's are essential. They provide access to all campus and sporting events, enable you to check out library books and provide discounts at area movie theaters. New students can receive their ID's Saturday, Aug. 26 at the Student Organization and Opportunity Fair. The ID machine will also be in operation Aug. 29 through Sept. 2 in Marian Center from 9 to 11 a.m., 2 to 4 p.m. and 6 to 8 p.m.
- An ATM machine will be located in upper Marian Center near the West side revolving door. It is a universal machine and will accept all bank cards.
- The Student Resource Center is

located in lower Blasco Hall. The office is open from 8 a.m. to 5 p.m. and by appointment. Whether you need tutoring, personal counseling, help writing a theme, research paper or résumé, assistance developing your study skills or a part-time or full-time job, the

apparel, office supplies, greeting cards, stamps on sale and a mail drop.

- The Hooley-Bundschu Library offers many study opportunities to Avila students including library tours, private study rooms, typing rooms, a reference room, an

Inside Tips

By Ludna Maria Cumpston
editor-in-chief

Student Resource Center can help. For more information, call 942-8400 ext. 2266.

- The Snack Bar is located in lower Marian Center. Meal tickets can be purchased for \$10 with a food value of \$12.50.
- The Dining Hall is located in upper Marian Center. Meals are All-U-Care to eat. Food purchased in the Dining Hall needs to be consumed in the Dining Hall.
- Vending machines are located in lower Marian Center, lower O'Reilly, lower Goppert and the Mabee Fieldhouse.
- Pay phones are located in every building on campus.
- The Book Store is located in lower Marian Center. The Book Store features books for all courses, a full line of Avila

audio/visual room and computer lab. The library has various CD ROM data bases including Infotrac, First Search, Dialog, ERIC, and others. In addition to many new books references, the library has added 12 more computers to its computer lab. Since KRCHE no longer exists, the library has set up inter-library loans with other area higher education institutions. Students need to have their student ID card when checking out library books.

- Mass is held Tuesday through Friday at noon and on Sunday at 11 a.m. Father Dan Torson is available for appointment in Foyle Hall at 942-8400 ext. 2423. Anyone who would like to participate as readers, communion ministers and altar servers need to contact Father Dan.

The Avila Underground

By Ron Arens
Production Manager

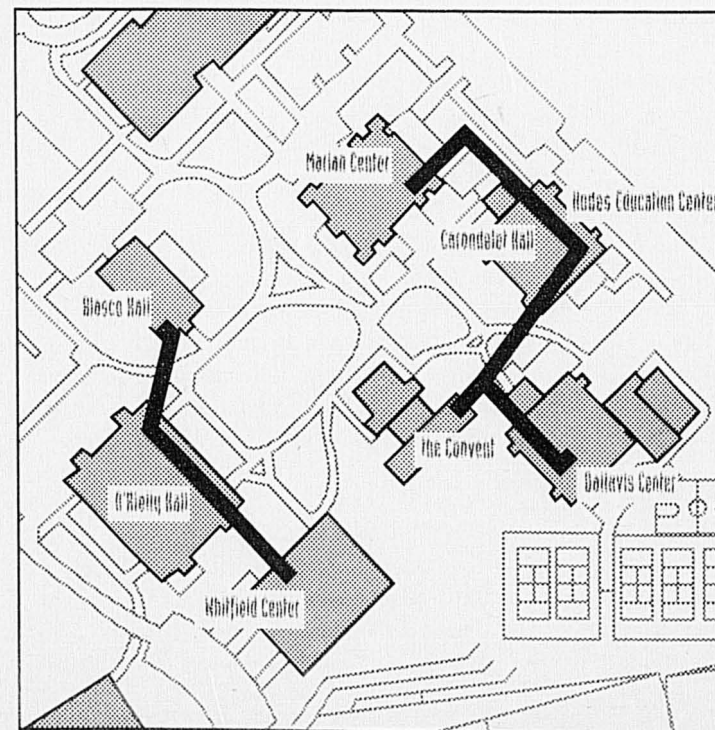

Beneath the bustling paths of Avila's quad is a system of secret tunnels connecting several buildings on campus.

The first major tunnel begins near the Bookstore in lower Marian and leads to lower Carondelet Hall and the Hodes Education Center. The path continues on, past the convent, into the Art and Communication Center in lower Ridgway Hall.

The second tunnel runs from lower Blasco to lower O'Reilly and continues on to Whitfield Center below the Hooley-Bundschu Library.

The tunnels are clearly labeled and easy to use, but the Marian-Dallavis system is much more colorful than the Blasco-Whitfield tunnel.

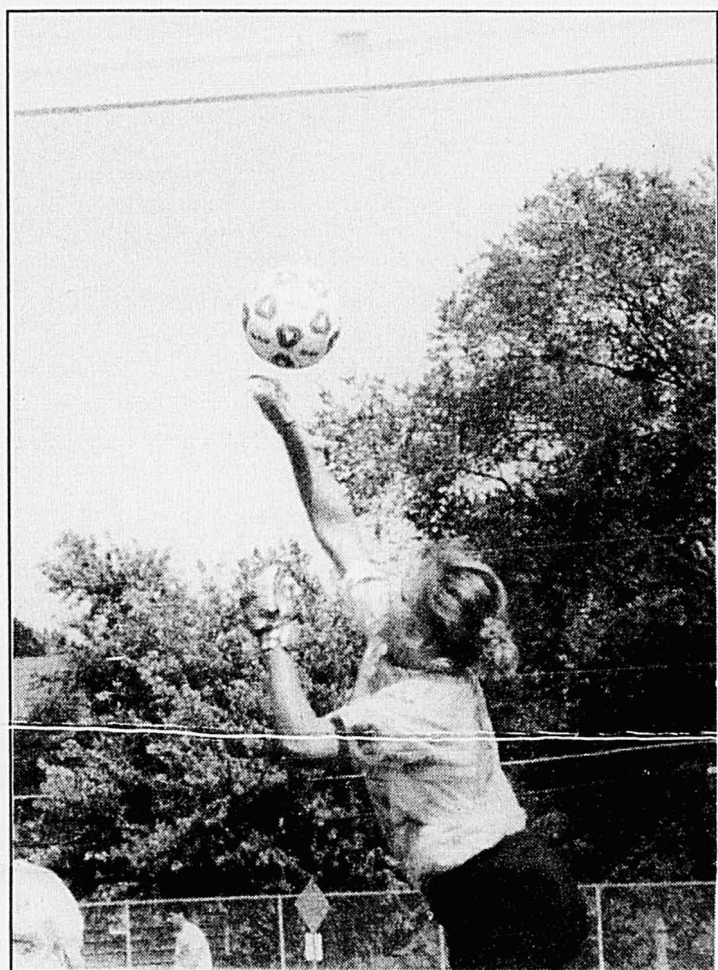

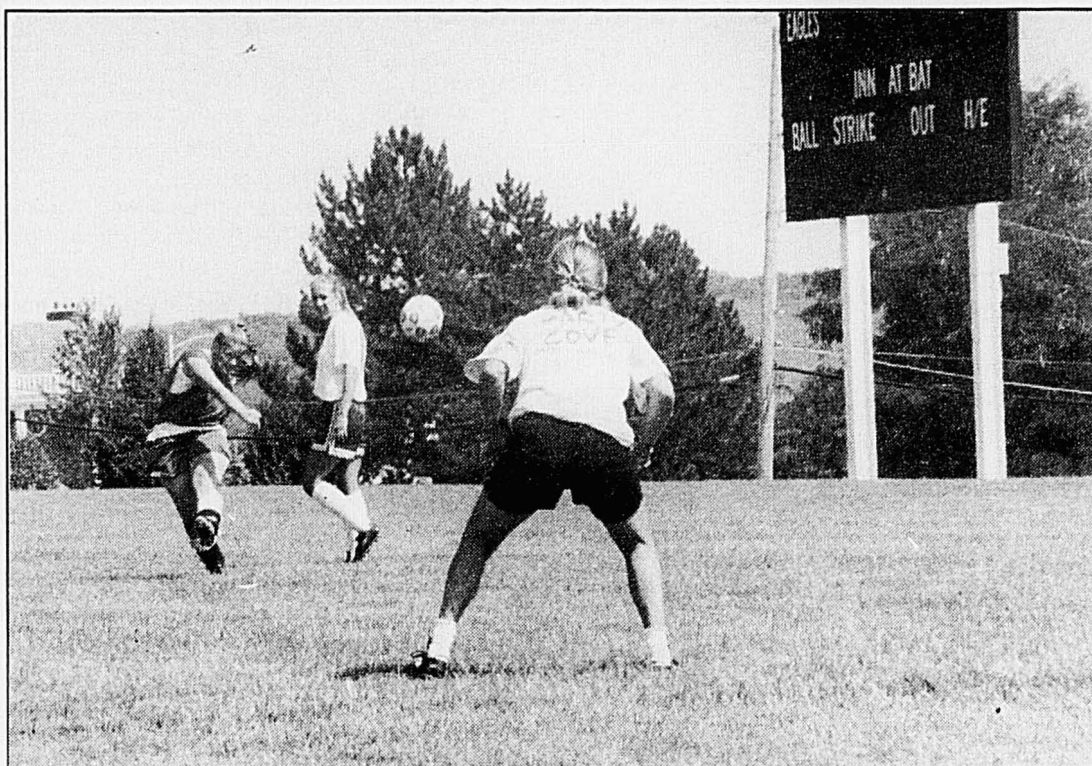

The original purpose of the tunnel system was for maintenance, hence the miles of pipes and wires, but thanks to the Sisters of St. Joseph the tunnels were opened to all students and faculty and are very comfortable during unseasonable weather.

This year is the first season of women's soccer at Avila College. Head Coach Erick Chaverri believes the team will have a strong season. The first home game is Sept. 3 against Bellevue at the Zarda Sports Complex.

Women's soccer defender Erin Hein and forward Heidi Kuster take shots on goalkeeper Holly Shelby (right).

Goalkeeper Holly Shelby denies a shot on goal (below).

What's new in the Athletic Department

By Marlo Boots
sports editor

As students, faculty, and staff prepare for the start of the new school year the athletic department welcomes some new people and facility improvements. What's new?

- Kris Plumhoff (head coach for men's soccer)
- Erick Chaverri (head coach for women's soccer)
- Cathlin Maloney (assistant coach for women's soccer)
- A women's soccer team
- The training room remodeled,

- painted, and refurnished
- The gym floor refinished
- An outside soccer practice field (formerly the Multi-purpose field)

"Sports Rehabilitation and Physical Therapy Associates Inc. donated the funds to remodel, paint, and refurnish the training room," said Carl Clapp, director of Athletics. The training room has new cabinets installed both above and below the newly built cabinet top. This allows the department to store more first aid and medical supplies to keep the athletes moving "ouch" free. A

new ice machine is another piece of equipment added to the training room, which is being leased this year through funds donated by Sports Rehabilitation and Physical Therapy Associated Inc.

For those students, faculty, and staff members who want to see the new improvements and fresh faces, remember that admission into the games is free with an Avila student ID. To keep better track of the games cut out the sports schedules located on this page and pin them to your bulletin board.

The Talon's Editorial Policy:

The Talon is produced by the students in Avila College's journalism practicum classes and other student contributors. Opinions expressed are those of the writer and do not necessarily reflect those of The Talon staff or the trustees, administration, faculty or staff of the college.

The Talon encourages letters to the editor. Letters should be typed and must include the writer's signature, name, address and telephone number for verification. Letters can be mailed to The Talon Editor, Avila College, 11901 Wornall Rd., Kansas City, Mo. 64145, or may be brought to The Talon mailbox in the Student Activities Room in Marian Center.

Please keep letters to 300 words or less. The Talon reserves the right to edit letters to the editor for reasons of space, clarity or inappropriate language. The writer's name will accompany all published letters.
